Nothing but *Treble*

The music program at LaZerte had a great year! Introducing a new program, where students came in over their November break, they learned what it's like to be in a band along with the many aspects of performing. The concert band, jazz band, and choir enjoyed their trip to Vancouver, where the choir performed at the Kiwanis Festival, earning silver. The concert band then performed at a festival in Edmonton, also placing silver! Congratulations to every performer on an amazing year filling our school with music!

wins the race

BADMINTON

provincial champs

The LaZerte Badminton team had another very successful year. They finished in 4th place in the entire city in the team event (TIER 1). This year we had many athletes narrowly miss out on provincials, but we had 3 athletes qualify. Jakob Lau and Tyson Tsen finished first in Boys Doubles and went on to Provincials winning a GOLD medal in the Junior Boys Doubles

Division. Raphael Motel finished first in the Boys Singles and went on to Provincials winning a GOLD medal in the Junior Boys Singles Division. It has been a long time since we have won a gold medal in provincials, so to win 2 gold medals in one year is a great accomplishment and a great way to cap off another great year for the Voyageurs.

Staff

There is a lot of adventure to be had that awaits our Voyageurs, especially those who have graduated. It has been an eventful year full of student voices, numerous involvements, and unending activities. It was year of getting rid of fences, finishing renovations, and adding programs like Campus EPSB . Our students have enjoyed a school experience that showcases how much we care about their growth and development and learning. Their brilliant achievements are remarkable, and I hope they know now, without a doubt, that they were made for great things. Their time at

LaZerte marks both an ending and a beginning; it's warm memories of the past and big dreams for the future. Isn't it funny how day by day it seems like nothing changes, but when we look back everything is different... we are so lucky to have spent this time together in this amazing school, and we look forward to the stories that our alumni will continue to share as they move into the world as our newest global citizens. Develop Character. Inspire Passion. Change Lives. This is our LaZerte!

Valedictorians

Sunanda Kannan and Syed Rizvi

Sunanda's Words:

I'd like to open my speech by saying that I hope you all fail.

Now, before I get kicked off the stage, let me elaborate: our greatest glory is not in never falling, but in rising every time we do fall; Winston Churchill once said, "Success is stumbling from failure to failure with no loss of enthusiasm." Over twelve years of failure, I've grown... learned ... reassessed, and look at me now! Somehow, in this entire auditorium, I am single handedly the best at circling in little bubbles on Scantron papers! My parents dreamed of this moment the day I was born.

So... now what?

Life is a series of passageways; we are leaving one and moving on to the next. And when we reach that daunting place next year that has been our dream of today, we will start over – we will meet new people, make new friends, and learn new things. We will become more responsible, more independent, and hopefully be met with failure at every corner.

The thing is, we've all lived such different lives, we've all gotten something completely different out of high school, and we will all have vastly different goals when we leave here tonight. But one thing is for certain: after today we begin your lives independent to how we see fit. Some of you will start working immediately after graduating, others will join myself as we become collectively broke in

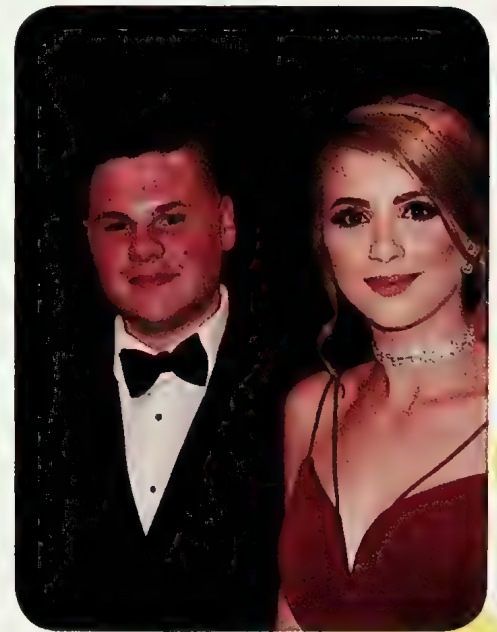

University for the next few years. Regardless of what path you take, I do sincerely wish you the best of luck, and hope that after three long, painstaking years, you can proudly raise your head high and call yourself someone who persevered. Someone who learned from failure. A true Voyageur.

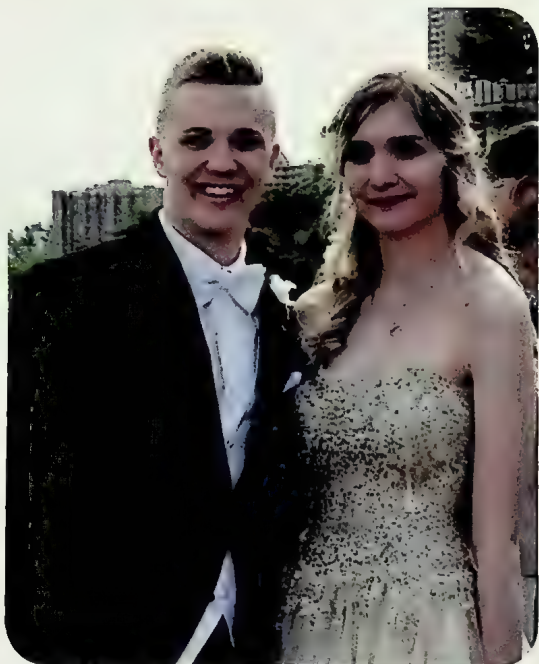

In closure, I would be remiss if I didn't share my gratitude to the people we don't actually thank during Thankful Thursdays. Thank you to the custodians who we take for granted everyday; thank you to the ladies in the office who make

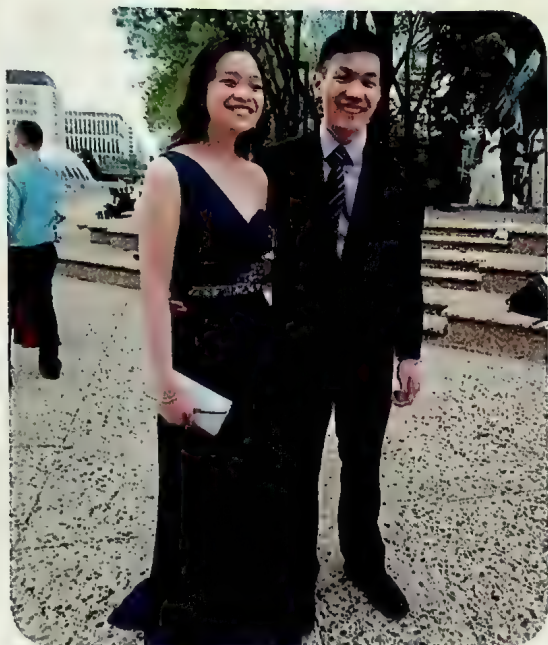

the whole school run so smoothly; thank you to the admin and the staff who have to deal with annoying seventeen year olds for 8 hours a day. To my friends, thank you for being my family for the past three years. Thank you to the parents who have fought to have us succeed on this day, and on every day, and thank you, class of 2017... for everything. It's been lit. Congratulations, go out there and start failing.

Syed's Words:

I wish everyone fails because you don't learn unless you fail.

The Yearbook Team 2017

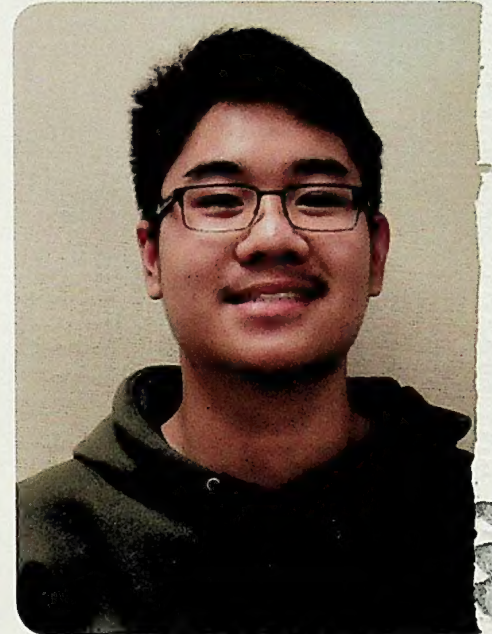

Our high school yearbooks are going to be an item we treasure forever; being able to look back years later and re live the best memories of our last few school years is something I know I'll hold close to my heart. I'm so happy I was able to help put together a lasting memory for every student at this school.

Congratulations to all the graduates of 2017 and I know you'll excel in what you decide to pursue following your departure from M. E. Lazerte.

-Amber Wardrop

Amber Wardrop

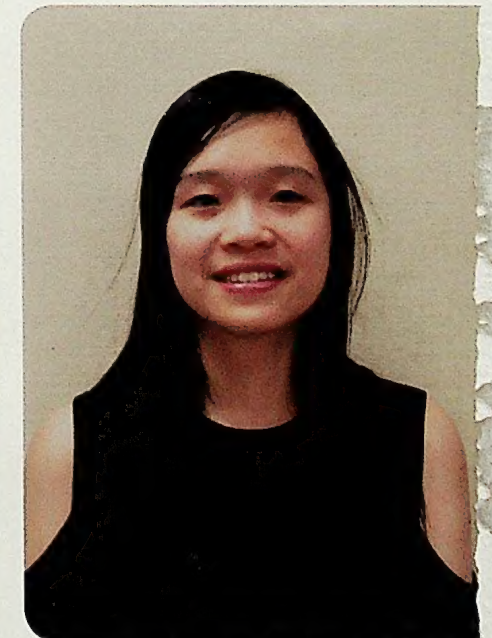

Daniel Mah

High school isn't the easiest experience. Whether it be academically, socially, athletically, school always finds some way to challenge us. However, I hope that looking back at this yearbook, you find something you'll always remember fondly. It was an honour to be your editor for my final year of high school and I hope that when you look back in 5, 10, 20 years you'll remember some parts of high school happily.

-Haley Hoff
